

# Transitway Construction and Closures

- ## Bus Loop on Lees Avenue

Rail Implementation Office  
October 13, 2015

# Transit Services Mitigation Strategy

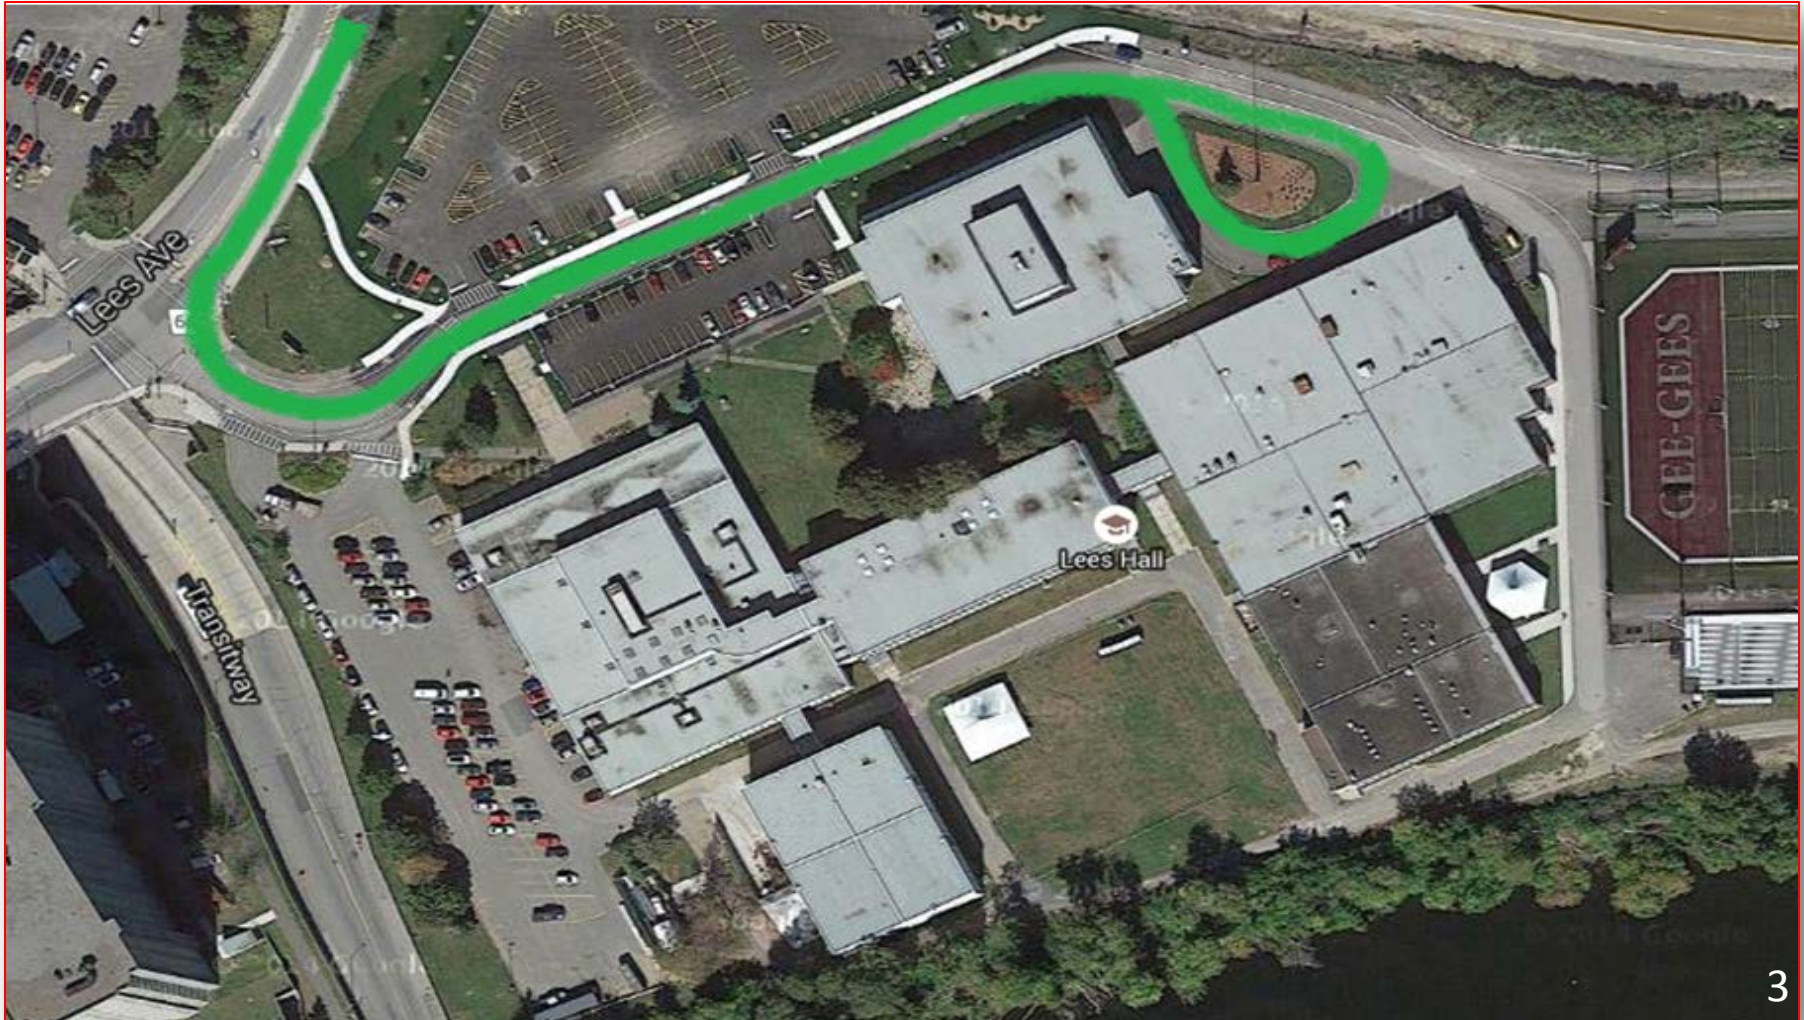

A new bus loop is required to provide a seamless and reliable service;

- There were 5 options for a bus loop on Lees Avenue

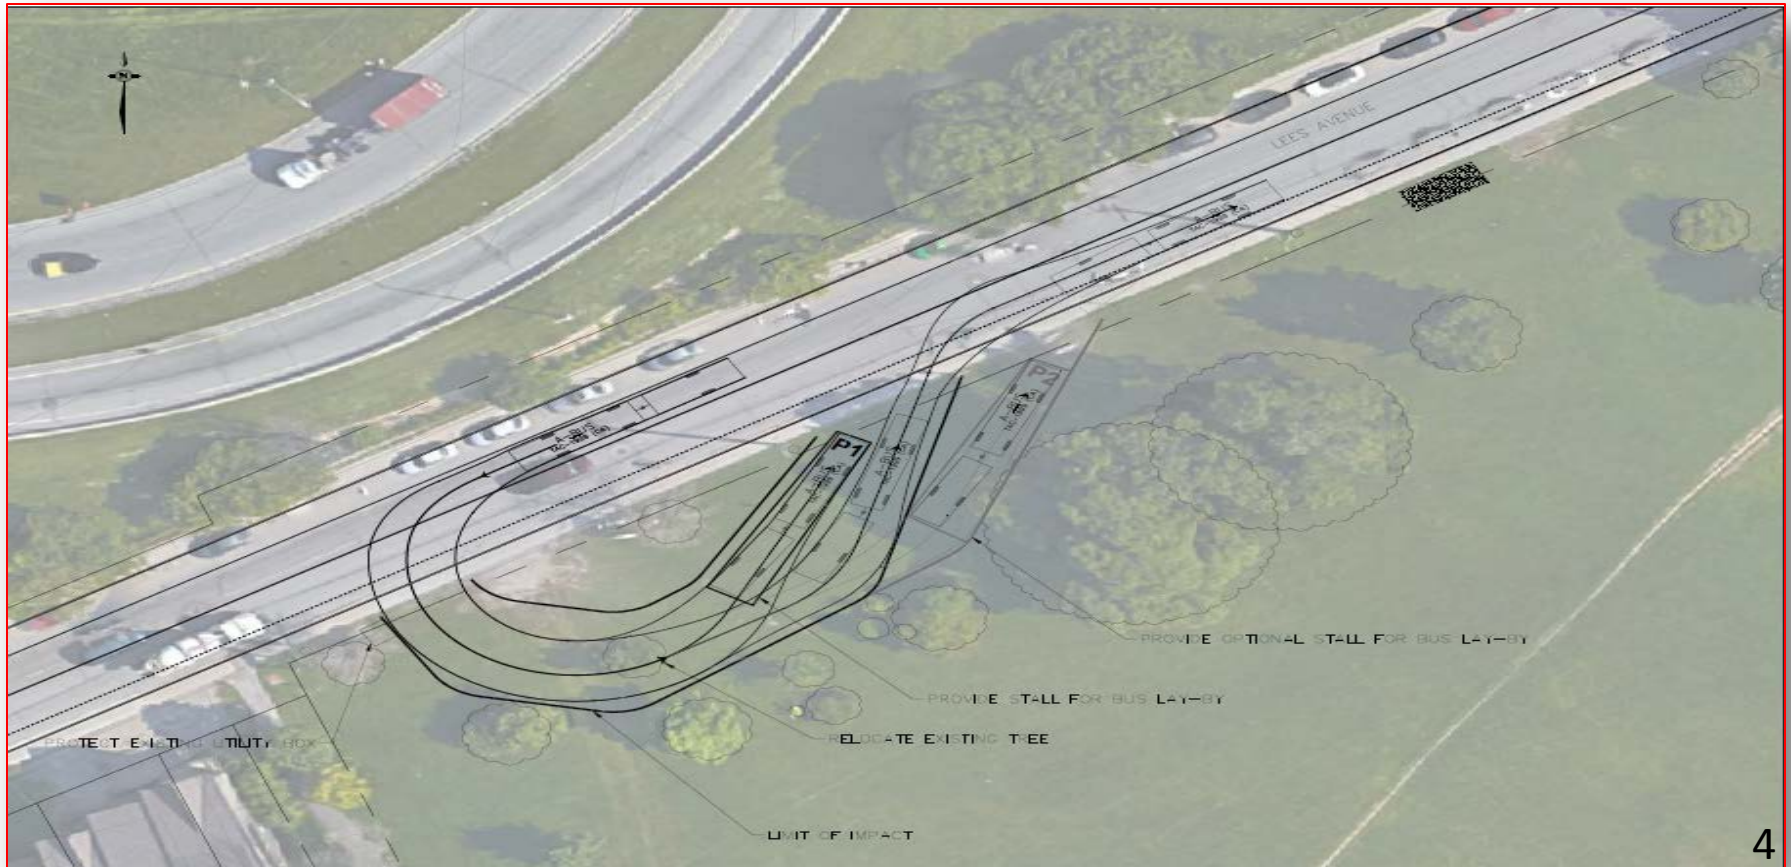

# Option 1

200 Lees Avenue, uOttawa Lees Campus;

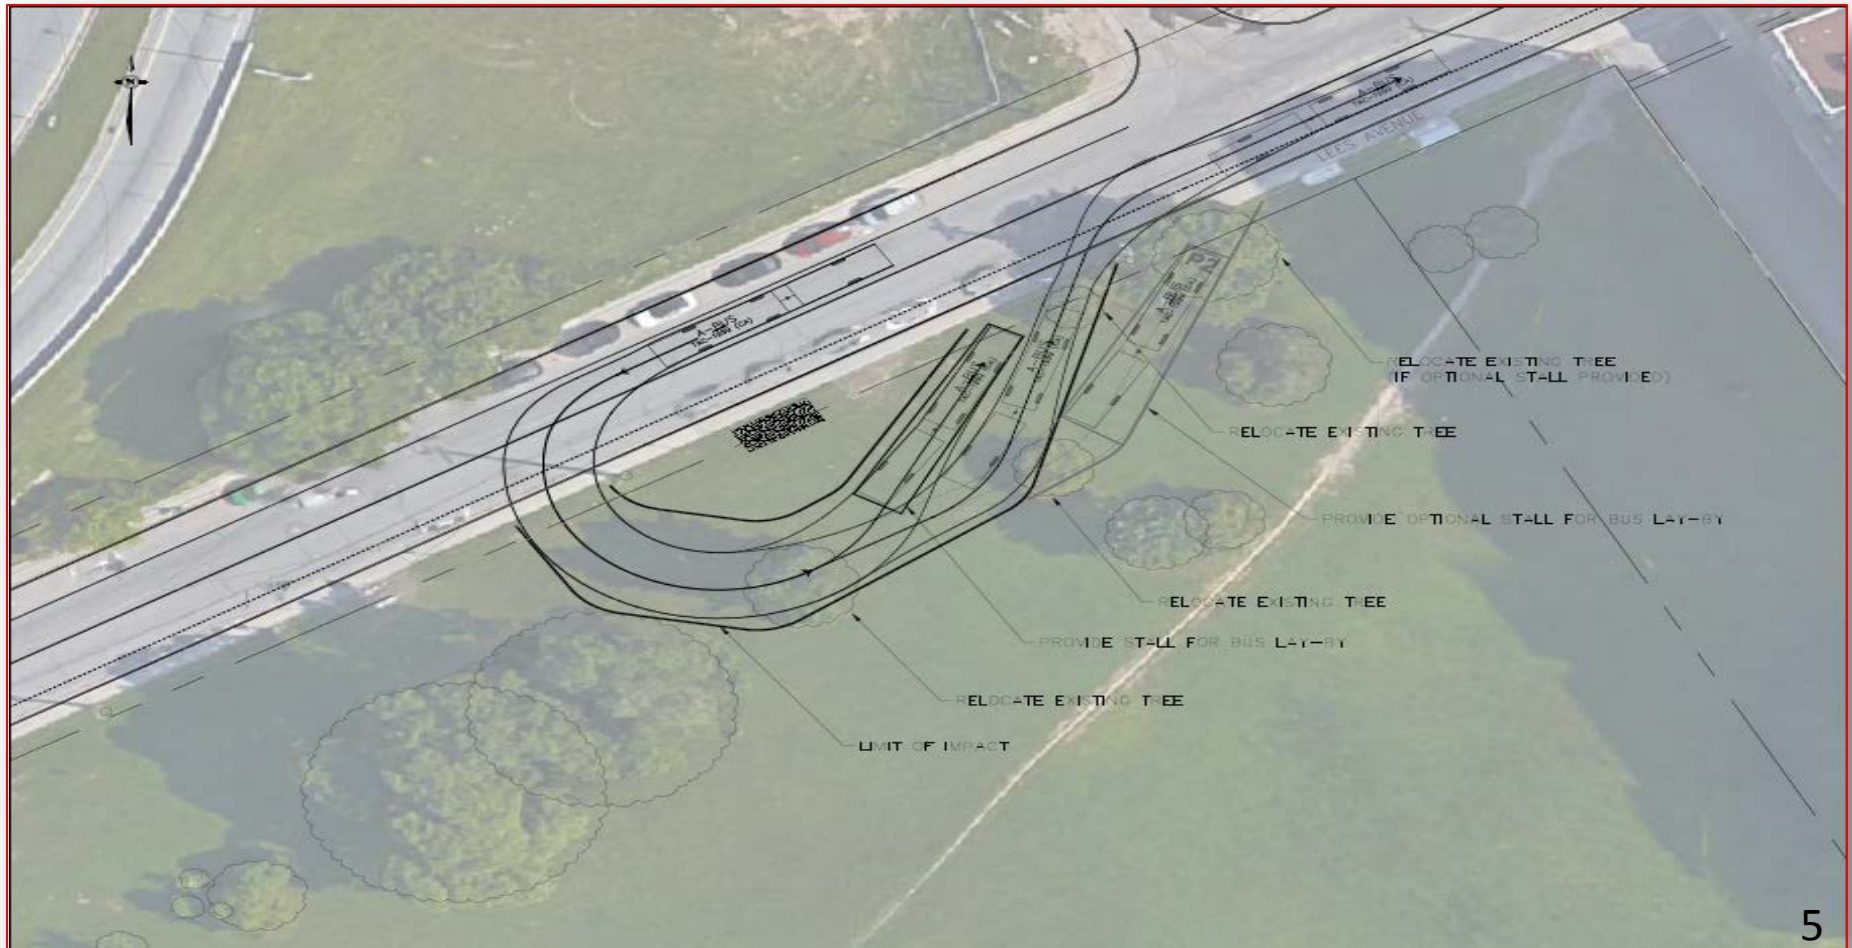

# Option 2A

- Northwestern section of the Alta Vista Transit Corridor;
- Minimal impact to trees, southern tree line protected; and,
- Buses would turn at low speeds.

# Option 2B

- Northeastern section of the Alta Vista Transit Corridor; and,
- Greater impact to trees than option 2A;

# Minimizing the Impact to Greenspace

- Minimize the footprint of the bus loop;
- Minimize/avoid conflict with trees;
- Relocate existing trees that are impacted;
- Remove and re-plant replacement trees as required; and,
- Maintain the southern tree line in Option 2A.
